Reviews

Basically no words to clarify. Of course, it is perform, still an amazing and interesting literature. Its been printed in an exceptionally basic way which is only soon after i finished reading through this ebook where actually altered me, change the way i really believe.

(Newton Runolfsson)

A DICTIONARY OF MARKETING

Oxford University Press, United Kingdom, 2011. Paperback. Book Condition: New. 194 x 130 mm. Language: English . Brand New Book. A Dictionary of Marketing is an accessible and wide-ranging A-Z, providing over 2,600 entries on topics spanning terms for traditional marketing techniques (from strategy, positioning, segmentation, and branding, to all aspects of marketing planning, research, and analysis), as well as leading marketing theories and concepts. Both classic and modern marketing techniques are covered. Entries reflect modern changes in marketing practice, including the use of digital and multi media, the impact of the world wide web on advertising, and the increased influence of social media, search engine optimization, and global marketing. Also included is a time line of the development of marketing as a discipline and the key events that impacted the development, as well as over 100 relevant web links, accessed and updated via a companion website. In addition, the main appendix provides greater depth on the subject, including advertising and brand case studies with a strong international focus. These are arranged thematically, e.g. automobile industry, food and drink, luxury goods, and focus on iconic brands, marketing campaigns, and slogans of the 20th century that have permeated our collective consciousness, exploring how the ideas defined in the main text of the book have been utilised successfully in practice across the globe. This dictionary is an indispensable resource for students of marketing and related disciplines, as well as a practical guide for professional practitioners.
