Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from An Egyptian Calendar for the Koptic Year 1617 1900-1901 Corresponding With the Mohammedan Years 1318-1319 In 1877 I published, in Egypt, what I called an Egyptian Calendar. It amused and interested friends, and met with a very kind reception from a limited public in England. In compiling it I endeavoured to reproduce from the popular native almanacs, published annually at Cairo, such portions as, it appeared, might be of interest or use to general readers. For several years past I have been urged by friends to publish a similar Calendar. But circumstances have hitherto rendered this impracticable. In view, however, of the great annual influx of visitors, especially British and American, to Egypt, and of our closer connection with the Nile Valley, and believing that the Calendar may be of some practical use, I have now prepared a fresh edition, which I venture to offer to readers of the English-speaking world. The Egyptian population (the language of which is now exclusively Arabic) consists of a large majority of Mohammedans and a small minority of Kopts. The Kopts make use of a solar calendar which is of great antiquity, and is still for many purposes used by the people generally. The Muslim year is lunar, and consequently shorter by eleven days than the Koptic, and our own. It is more convenient, therefore, that the Koptic year should occupy the more prominent place. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections...
