*Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

That silver has been, during the past few years, as variable in value a* United State* notes. To this I reply that United States notes have insensibly, though incorrectly, been regarded as promises to pay gold; this regard having been fastened upon them by the fact that, until 1873, the gold dollar was less valuable than the silver dollar, and therefore was the only current coin, and that since 1873 the silver dollar has been demonetized. That being thus regarded as promises to pay gold, United States note* have followed gold, and fluctuated with it, while silver has remained nearly stationary. As gold and greenbacks are not customarily quoted in silver, but, on the contrary, silver is quoted in gold and greenbacks, silver has appeared to greatly fluctuate in value, whereas, in point of fact, it has fluctuated very little; and the Senator has no right to assume that it has fluctuated more than either gold or greenbacks. Second. That silver would be too heavy to carry in the pocket. To this I reply that so is gold, and that neither, in case of a silver, a gold, or a double standard of money, would coin be carried in the pocket to more than a very small amount. Government certificate for deposits of coin...
