America Star Books, United States, 2007. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.When the events of 9/11 were unfolding, there was not enough room in the churches to house the frightened and faithful alike. Now that we have reached some form of normality, it is business as usual and God is forgotten. If the world began to spin out of control, and the sky cracked open, and a vast amount of winged angels began to descend to earth with flaming swords in hand, it would be mass hysteria. In addition, no one would know what to do or where to go. Then you would hear the heartfelt prayers of the scared fakers, pleading with all their might for mercy from a God they hardly know or believe exists. So let us begin anew and give God a chance to be in the driver's seat. Repent and believe the Gospels and you will see the world for what it truly is: a heaven made for man's use and a domain for the union and personal relationship with God. Reflect on the sermons; imagine the life of your affirmations and the images of your reflections will appear in your life as the new you bringing about a new world of righteousness and heaven on earth.
