

Cuban Music: From Son and Rumba to the Buena Vista Social Club and Timba Cubana

By Maya Roy

Markus Wiener Publishing Inc, United States, 2016. Paperback.

Book Condition: New. Illustrated edition. 224 x 152 mm.

Language: English . Brand New Book ***** Print on Demand

*****. Native Americans supplied the maracas, African slaves

brought drums and ritual music, and Spaniards brought

guitars, brass instruments, and clarinets along with European

ballroom dancing. The advent of blues and jazz gave new forms

to styles of songs, notably feeling songs, which joined the more

traditional styles of trova and bolero. Cuban culture represents a

convergence of these diverse backgrounds, and the musical

heritage presented in this book reflects these traditions as well.

In colonial times, African ritual sounds mixed with Catholic

liturgies and brass bands of the Spanish military academies.

Ballroom dances, including French music from Haiti popular in

18th-century Havana society, existed side by side with the

cabildos (guilds and carnival clubs) and the plantations. The

son, considered the expression of Cuban musical identity, had its

origins in a rural setting in which African slaves and small

farmers from Andalusia worked and played music together,

developing many variations over the years, including big band

music. Cuban music is now experiencing a major renaissance,

and is enjoyed throughout the world.

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Ally Reichel**

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
