

Water: Use Less, Save More

By Jon Clift, Amanda Cuthbert

GREEN BOOKS, United Kingdom, 2006. Paperback. Book Condition: New. 158 x 118 mm. Language: English . Brand New Book. * Did you know that we use 70 more water today than we did 40 years ago? * Or that about 95 of water that gets delivered to our houses goes down the drain? * And that a garden hose can use almost as much water in an hour as an average family of four uses in one day? Our population is growing, our climate changing and our lifestyle demands more and more water. Quite simply, we are consuming too much. And with water usage at an all-time high, rationing is round the corner. But the good news is that there are numerous things we can do both at home and at work to reduce our consumption of water, save money and help the environment. This book lists 100 ways in which to do your bit. Tips range from simple measures, such as turning off the tap while you clean your teeth to more drastic ones, such as installing a rainwater harvesting system. Interspersed with Did you know? facts and photographs throughout, this pocket guide will transform the way you use...
